Stocking the Kitchens of Chefs & Gourmets for Over 30 Years

It was 30 years ago that Zabar's changed the way the Chefs, Cooks and Gourmets shop.

In 1978 we opened The Mezzanine. We stocked our second floor with the best names in housewares at the best prices anywhere.

Today we continue to offer Chefs, Cooks and Gourmets the finest in cookware, small kitchen appliances, dishes, glassware and gadgets at prices that can not be beat.

We love all that has to do with food. We love cooking great food almost as much as we enjoy selling it. In our Mezzanine you will find the one of largest selections of French copper cookware, kitchen gadgets, all kinds of pots and pans, kitchen towels and the best pot holders you'll ever see from every corner of the world. We even sell fans and air conditioners in the summer and heaters and humidifiers in the winter.

If it has to do with cooking, or items for your kitchen you'll find it in our Mezzanine - and you'll find it at a price that makes walking up the stairs worthwhile.

This catalog is just a sampling of some of the items available. To see more of our selections visit us at 80th & Broadway or online at www.zabars.com.

BIALETTI

A. ELECTRIC MUKKA EXPRESS

The Electric Mukka Express is crafted in Italy and features a sleek contemporary design. It boasts a built in heating system and a newly designed black base that makes it ideal to plug in anywhere. The top portion of the pot is filled with milk so when the espresso enters the top chamber, it mixes with the steamed milk and within minutes rich and frothy cappuccino is brewed and ready to serve when the indicator light turns on.

#07003 \$139.98 POLISHED ALUMINUM

ALSO AVAILABLE: MUKKA EXPRESS WITH COW DESIGN

B. STOVETOP MUKKA EXPRESS

While the function of the Mukka Express employs the decades-old tradition of stove-top brewing, the top portion of the pot is filled with milk so that as the espresso enters the top chamber, it mixes with the steamed milk and with minutes 2 cups of rich, aromatic cappuccino are brewed and ready to serve.

BODUM'S INSULATED GLASSWARE

is made from durable Borosilicate glass. Borosilicate glass is a strong heat-resistant glass that weighs less than traditional glassware. Used to make scientific lab glass, borosilicate glass (medical grade glass) is stronger than traditional "soda-lime" glass and can be used for everything from drinkware to cookware. Borosilicate glass doesn't need to be as thick as traditional glass to be just as strong. Borosilicate is simply a different type of glass that is resistant to temperature swings and scratching. Because the particles are held together so tightly, borosilicate glass is dishwasher safe and will not become cloudy over time; you can rest assured that after 100 cycles, the glass will be as clear as the day you bought it. Simply treat it as you would any glass product and it will stand up to every day use. Dishwasher & microwave safe. From \$11.98 Set of Two

F. ARABICA THERMAL FRENCH PRESS

This sleek coffee press is appealing not only because of its stylish design, but because it has a double-wall construction which holds the heat in without transferring it to the outside walls. Made of stainless steel, the thermal quality of the double walls will keep coffee above 60 degrees for over 2 hours. The added bonus of the Arabica is the ability to turn it into an elegant jug. Simply remove the plunger mechanism and lid and you have a beautiful jug that will keep water, juice, milk or any other beverage cold (or hot) for hours.

#1328-16 8 Cup \$89.98

A. ASSAM TEA PRESS

The classic Assam tea pot with the new stainless steel filter. 32 ozs of aromatic delight. Made in borosilicate glass jug, glass handle, and steel infuser and lid. The clear glass makes the infusion visible at all times. #1801-16US \$39.98

B. ASSAM CAST IRON TEA PRESS

The BODUM Assam iron combines the old Japanese tradition of enjoying tea and Bodum's well-proven tea press. The inside is lined with a smooth, durable vitreous coating of enamel to prevent the iron from deterioration. If treated correctly, the cast iron tea pot will last more than a lifetime. #10576-01 16 oz \$69.98 #10577-01 34 oz \$89.98

C. BODUM BISTRO MUG PRESS

A. ELIS RECHARGEABLE ELECTRIC CORKSCREW

This corkscrew represents the height of quality and innovation. Designed to fit all bottle necks, it can uncork a bottle effortlessly in just a few seconds. It works well on all types of corks - even the harder synthetic ones. The rechargeable batteries allow owners to save on replacement batteries. #PM200169 \$119.98

B. AUBERGE PEPPER MILL

The traditional Auberge pepper mill has been improved: it has been converted to Peugeot's exclusive u>Select grind adjustment system. The grind is adjusted by turning the ring at the bottom of the mill. Turning the ring in one direction makes the grind finer, turning in the other makes it coarser. Once the grind size is set, it will stay in place until the user changes it.

#PM24178 Natural \$59.98

Also Available: #PM24185 Chocolate \$59.98

C. REVERSO SALT AND PEPPER MILLS

A new and unique design from Peugeot, the Reverso stands traditional thought on its head! Made of anodized aluminum and given a graphite finish, the Reverso can be rested on its reservoir end, thus eliminating the pepper or salt residue that can remain after grinding. It is equipped with Peugeot's exclusive u>Select grind adjustment system. The grind is adjusted by turning the ring at the bottom of the mill. Turning the ring in one direction makes the grind finer, turning in the other makes it coarser. Once the grind size is set, it will stay in place until the user changes it.

#PM24406 PEPPER 4.5" \$49.98

#PM24413 SALT 4.5" \$49.98

D. PEUGEOT ELIS GRAPHITE ELECTRIC MILLS

State-of-the-art electric mills, offering Peugeot's exclusive u>Select grind adjustment on both pepper and salt mills. The mills are made of anodized aluminum and have a graphite finish. These battery powered mills allow for one handed operation and they have a light that turns on during grinding to illuminate food. Each mill comes with a sample of salt or pepper, 6 AAA batteries, a light bulb mounted in the grinder as well as a spare.

Lighter Roasted Blends -

These beans are roasted at lower temperatures, and make a good all-purpose cup of coffee.

Zabar's Special Blend

We think it's special, and considering we sell hundreds of pounds of it every day, we aren't alone! A complex cup of coffee that is classically complete, possessing everything great coffee should have: brightness, full body and great aroma. This is the coffee we serve in our Café - come in and taste it. #1110001

Colombian Blend

Rich, lightly roasted with smooth flavor. A mild, well balanced cup of coffee. #1110001

Rainforest Alliance Colombian

Full bodied, with a velvety sweet finish that combines great coffee with conscience. 100% Rainforest Alliance certified. The Rainforest Alliance works to ensure sustainable livelihoods by transforming land-use practice. Great coffee - great cause. #11100FK

Mocha Style

This well-balanced cup of coffee is a good way to start the day - or enjoy the afternoon or evening. Light-bodied, soft and spicy, aromatic. #111001E

Jamaican Blue Mountain Style

This light roast is a carefully combined blend of several batches of the highest grade coffees available, giving you the prized taste of Jamaican Blue, but for a fraction of the cost. Exquisite flavor, excellent body and bold aroma. Yes, Zabar's does it again! #1110017

Kona Style

This is a light-bodied, smooth, mild brew. A carefully chosen blend of several batches of the highest grade coffees available. Medium body with mild acidity, and a hint of sweetness. #111001B

Ethiopian Yirgacheffe

Zabar's newest arrival. Grown at an altitude of over 7000 feet. Winey and exotic with a unique spicy character. An intoxicating floral bouquet and rich body that speaks to the hills in which it is grown. #111000R

Kenya AA

The highest grade of Kenya is AA. Markedly winey, full complex flavor with good acidity. Kenya AA has a wonderful fragrance and lingering finish. #1110018

Gourmet Decaf

Decaf doesn't have to mean blah, at least not when Zabar's has anything to do with it! This medium-roast blend makes a delightfully rich cup of coffee. It's no wonder we get rave reviews on this one. Enjoy it any time of the day. #111000V

Swiss Water-Processed Decaf

Slightly lighter in body than our Gourmet Decaf, but still delicious and very smooth. The "water-processing" method of bean decaffeination retains a great deal of the complex tastes you love in coffee - lose the caffeine, keep the flavor. #1110001Z

Medium Roast Blends

Is just that: the happy medium! More robust than Light Roast, but not as intense as even the lightest Dark Roast. Medium roasts are European coffee-house brews.

Continental Roast

Roasted at a slightly higher temperature, the beans are a little darker, and it's more full-bodied than the light roasts. Fragrant and rich in flavor with mild acidity. Delicious! #111000J

Royale Blend

This is the blend Zabar's office staff enjoys every day. The perfect combination of Vienna & Continental Blend. Low acidity with a powerful aroma. A sturdy cup of coffee with a nutty richness. #11100FL

Gourmet Flavored Coffee

Vacuum Brick Pack Coffee

All Purpose Grind	
Zabar's Blend	#111004M
Gourmet Decaf	#11100B2
French-Italian 12ozs	#11100B3

Colombian Green Coffee Beans

Green coffee will arrive at your door UNROASTED. #111003X

Darker Blends

These beans are roasted the longest, making them dark, shiny and beautiful; the gloss is the beans' oil rising to the surface. Dark roast coffees are fragrant and full-bodied, and are used to make espresso and cappuccino drinks. They make perfect iced coffee because the robust flavor won't disappear when diluted with ice.

Vienna Roast (Northern Italian Style)

This is the lightest of our dark roasts, but don't mistake it for a mild coffee - it's intense and fragrant. Not only does it brew up a delightful pot of coffee, it also makes a fine, light foundation for espresso, and cappuccino. Medium acidity, great aroma and perfect balance. This is the coffee we use for Espressos and Cappuccino in our Café - perfect! #111001Y

French-Italian Roast

Our French-Italian is a little darker and has a bit more body and is our most popular blend for espresso and cappuccino. #1110002

Dark Espresso

It's a tricky thing roasting beans this dark - only a careful eye can ensure they are roasted to perfection, and not burned. This is our deepest, darkest roast. Produces an intense, full bodied, aromatic cup with thick rich crema - sturdy enough to withstand the addition of milk. Choose Dark Roast for your espresso and cappuccino. #111000Q

Decaf Espresso

A decaf version of our Vienna and French Italian. #111000L
